The Client agrees to treat the Background, Foreground and any other information and/or materials provided by IMEC during the implementation of the Agreement, in whatever form, as confidential in accordance with this article 10, unless a separate non-disclosure agreement is executed between IMEC and the Client covering the Project, in which case the latter shall prevail. Confidential information shall be protected by the Client to avoid disclosure to any third party, with the same degree of care as is used with respect to Client's own confidential information, but not less than a reasonable degree of care. The termination of the Agreement has no retroactive effect. Upon termination of the Agreement, the Client is always obliged to compensate IMEC for the activities already initiated and carried out by IMEC under the Agreement as well as all the costs incurred due to the termination, estimated at a fixed rate of 30% of the total amount of the Agreement. However, IMEC reserves the right to claim greater damages if IMEC demonstrates that the damage suffered because of the termination of the Agreement exceeds the damage percentage stated above. Upon termination, any amounts invoiced in connection to this Agreement prior to its termination shall be due and payable immediately.

When after a period of two (2) months from notification of the Force Majeure, the Force Majeure remains unsolved, the party affected by Force Majeure may terminate the Agreement without liability. In any case, IMEC shall be compensated for all activities performed and costs made up until the actual date of termination.

16. Hardship.

The affected party shall, without possibility of judicial intervention, have the right to require the other party to participate in a joint examination of the situation and renegotiation of the Agreement.
